

Earth Do NOT Move & it's NOT Flat!

When I, Bro. Pouliot was reading several scripture books in 1st Chronicles 16:30, Psalm 93:1, and Psalm 104:5-6. After reading those scripture, this passage verses telling me that earth do not move. Like earth does not rotate itself or around the sun perhaps, nor perhaps both? Is that what these scripture telling me? I was a little bit skippy about that at first. Because we the people were taught since childhood school that earth spins around and rotates around the sun. It took me a while to figure out whether that was true or not. I did start doing the investigation into that matter, to find out whether it was true or not, and it turned out to be true.

- ***“Tremble before Him, all the earth! The world is firmly established—it does not be moved.”***
- ***“יְהוָה is king; he clothes himself with majesty. יְהוָה clothes himself; he girds himself with might. Yes, the world is established so that it cannot be moved.”***
- ***“He established the earth on her foundations, so it should not be moved forever and ever. You covered it with the deep as with a garment. The waters stood above the mountains.”***

Very long time ago, during Christopher Columbus time. People back in the 16th century, most people believe that earth was flat other than the spherical planet earth. Because of how often they have seen a ship end up disappear in the far-off sea, like the ship must of fall off the earth's edge. Sailors during those day warned people not to sail out too far because they never

return. Christopher Columbus knew that earth was not flat but circle like the moon or the sun, while he tried to show people the example of a pear-shaped. People laughed at him, didn't agree with him. I have a reason to believe he already knew about the circle of the earth from what the Bible said. While he did some science mind figured it out.

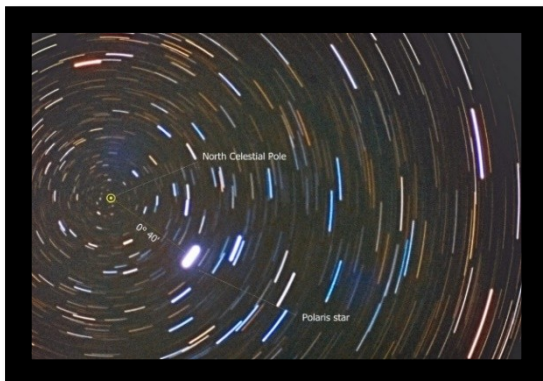

I am beginning to believe that our planet earth is in fact shape as spherical instead of the perfect round ball. According to a few different scientists throughout history have scientific measure the earth. This brings me to an understanding view of NASA and the flat-Earth conspiracy theory. Two things got my attention, I discovered that our moon orbits around the earth but itself does not rotate. Because we the people never see the back of the dark side of the moon.

The second reason to support why earth is spherical planet. If I am looking at the moon from the north pole and again looking at the moon while visiting the south pole, the moon will be visual upside down. We cannot deny this fact why earth is not flat.

There is a third reason to see why earth is a spherical planet. If we happen to have the best

quality telescopes at home, we might be able to caper the planet Mar in a clear visual. Mar is the closest visual from earth to get a good clear image of the planet during the night sky. And it's not a flat planet as well. Once we capture the planet Mar, we might be able to see the polar cap on the top and bottom of planet Mar. Since our planet earth also do have a polar cap top and bottom (north pole & south pole), the same way Mar has as well. We cannot dent that as well.

The fourth reason is, is how I've watch the fast-forward video of all the stars that rotate around the center of the North Star (Polaris). Same thing for the south celestial pole end point. This caught my attention to question myself why the north and south celestial pole end point look like it doesn't move around like the other stars do? Caught me to think earth does not rotate or move around the sun at all. This North Star - Polaris from our naked eye once again does not seem to be

moving like every other stars do in the night sky. While I was doing the research along with the scripture books, I noticed something might fit all this wonder.

“He stretcheth out the North over the empty place, and hangeth the earth upon nothing.” - Job 26:7

Notice in this photo of two different area, the northern and southern hemisphere show how the stars rotate. This is why we cannot deny why the south rotate opposite way compare to the north. Proof why earth isn't flat at all. Along with the passage verse we just read is an evidence of what and how everything in the universe holds, because this had to fit with the north and south celestial pole along with the stars that rotate around the earth.

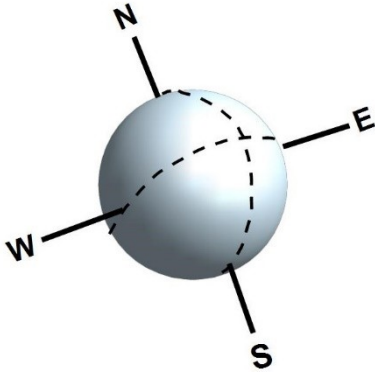

You know what is still strange about, if scientists say every planets out in space rotates around itself? Maybe that is true or just maybe some of these star's planet do not rotate itself like our moon does. [If the moon does not rotate itself, this just might explain another reason why earth does not rotate as well.](#)

While still doing the research, I had a lot of thoughts about the celestial pole from north and south that might explain about the earth magnetic field. That this magnetic field is coming from between both celestial pole to hold earth. Just like how Job 26:7 point out like. I also believe the gravitational force comes from this magnetic force as well. Which explains how everything is held upon earth, like this proof the reason why earth is the center of everything in the universe. I know most scientist do not agree with this facts. Maybe a few out there who possible might do agree with me.

There is one interesting fact I have learned about, that could support my belief about the gravitational force coming from the magnetic force. The weight of the person who is standing anywhere on the earth's equator area, would weighs less than those who stand on the North or South Pole area. The person body itself does not change, rather it is just the force of gravity that change when a person approach at the north or south poles area and anywhere at the equator area. The further away we stand from the North Pole, the more weight changes.

I believe the invisible celestial pole from north and south somehow controls the rest of the universe, which explains why we see during the night sky all the stars, moon and sun rotate around the earth. This is why earth is the center of this of this celestial pole in the universe. Another possible reason why earth is so different from every other planets in the universe. Earth is not a perfect ball shape like every other planets in our universe.

Our planet earth is a spherical planet. According to scientists (and maybe astronomers was involvement in this mathematical measures), the equatorial circumference of the earth is about 24,900 miles (40,070 km). Different from how the meridional circumference from pole-to-pole is only 24,812 miles (39,931 km) around the earth.

While some believe earth is a flat planet with doom over it. This simply cannot be true, because when a person is sailing on a ship or flying on a plane will realize it circles around. And, going north from south and going west from east does not measure it distance the same. According to Psalm 103:12, it said **“As far as the east is from the west, so far hath he removed our transgressions from us.”** This passage helps to prove to us why going west from east will always stay west or going east from west will always stay east. This result because it continues where there is no end.

Which this difference from going north or south, because going north dose not continue to stay north, it will become south. Just as going south will become north. This is why earth cannot be a flat pancake planet. Most of all, the rest of the supporting scripture like Genesis 28:14, Isaiah 11:12, Job 37:3, and Ecclesiastes 1:6 all points out why earth is not a flat planet earth anyway.

Yet, there are some people who still believe in the flat earth theory with a dome over it. Because of how they claimed some of the scripture evidence point out that earth isn't global. Like for one example, in Isaiah 11:12 descried four corners of the earth. They did not understand fully what the passage verse was describing the four corners earth. For example, would they be able to understand what Deuteronomy 22:12 (or Numbers 15:38) descried about TASSELS on the four corners of the garments.

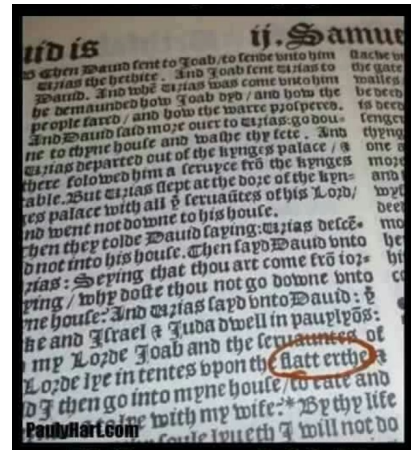

Assyrian relief - Hebrews being sent into exile

“You are to make for yourself twisted threads (tzitzit) on the four corners of your garment in which you cover yourself.”

Almost like what you see in the photo of this three exile men who were all wearing this garments with “TASSELS” (Tzitzit) on it four corners. An outfit of this

garments with four corners around the body dose not mean a man is flat. Just as why earth's four corners does not mean the earth is flat. It's speaking as the north side, south side, west side and east side corners of the planet earth.

There is one more example when a person would point out in a old 1537 Matthew's Bible that actually says "**FLATT ERTHE**" in 2nd Samuel 11:11. Again this is a misreading of non-modern English terminology in an older version. This manuscript has long been an obscure old Bible that was superseded first by the Geneva Bible in 1560, which was the version of choice for most of the English-speaking Reformers, and then the King James Bible in 1611. Both the 1560 Geneva Bible and the 1611 KJV translate the Hebrew פְּנֵי הַשָּׂדֶה (pənei hassādeh) as "**open fields,**" and many modern versions have the singular "open field," with few exceptions that are listed at the end of this chapter.

The context of the passage is everything. This passage (2nd Samuel 11) is where King David was orchestrating the predetermined ruin of Uriah. David had taken Uriah's wife in physical intimacy, resulting in impregnating her. David sought to cover his sin from being revealed by bringing Uriah in from battle to have him relax, drink and be physically intimate with his wife, Bathsheba. If David's plan worked, then Uriah would assume he is the father and David would be off the hook. Uriah was telling David that all his soldiers are camping out rather than being at home with their wives, so he will not lay with his wife either. **Nothing in that dialogue has anything to do with the whole planet, let alone its shape.** To make sense for Uriah to say they were camping on a vertical incline? An army will naturally set up camp on a horizontal plane, or open field. The rest of the other translated Bible all say "open field".

NASA and the flat-Earth conspiracy theory

After all the research I have discovered along with the different translated Bible, there was another discovered I have learned about the NASA conspiracy theory along with the flat-Earth conspiracy theory. After I've found out why the 1969 moon landing was actually a hoax all time history. There are more interesting facts I have discovered evidence against not only about the NASA but also the flat-Earth conspiracy theory. There is a video I saw is about a planet Venus someone filmed it. A guy who was doing his research observing the Venus. As how it orbited around the sun etc... He notices the size of the light reflecting from this Venus grew bigger while orbiting the sun. After it passes by the sun, it appears that it comes closer to the earth distance between the earth and sun. While it appears to be coming closer to the earth then it is away from the sun. This is when he realizes how this reflects light of the Venus change it size while orbiting around the sun, points out why earth couldn't orbit around the sun. Why hadn't

scientists noticed Venus coming behind the sun, starting to appear closing to earth still orbiting the sun and not of the earth? Like both Venus and the sun seem like orbiting the earth. You can see this video example for yourself -

<https://www.youtube.com/watch?v=4kyaXZ8ed3s>

Planet Mercury must also orbit along with Venus around the sun. All three, the sun, Venus, and Mercury orbit around the earth. Because Mercury is the smallest planet in our solar system, and it is also because Mercury is the closest planet to the Sun and earth as well. Most of all, Mercury also appears to be orbiting around the sun faster than any other planet in the solar system. This is another reason why these planets along with the sun are orbiting around earth.

So again, not just two planets and the sun orbits around the planet earth, all planets in the universe along with the sun are orbiting around the planet earth. This is why I no longer believe the sun is the center of the universe that holds everything in our solar system. It is the earth that centers the whole universe. Even the Genesis book, chapter one can prove this facts. That earth was created first in the dark universe before the sun, moon and stars appeared.

Remember the story about Joshua's day when the sun and moon stood still during the battle? When he and the Yisraelites entered the Promised Land, they waged battle against five armies which laid siege to the Gibeonites. Joshua had promised to protect the Gibeonites, so he led an army and defeated the five kings. Joshua prayed אֱלֹהִים for help. Asked אֱלֹהִים to have the sun stop moving until the battle end etc... אֱלֹהִים did accept his request and did control the sun and moon to stop somehow. I believe what אֱלֹהִים did was to stop the pole of the north celestial. The whole universe of sun, moon and even the stars stop spinning. It is because the earth is the center of our solar system.

As you can see, the sun and moon did stop during Joshua's day... shouldn't these people start flying off the ground or keep falling to the ground if earth do rotate itself move like how we were taught alone by man education system? With no gravitational force apart from the sun? Now we know the sun has nothing to do with us gravitational to the earth. This is why the earth does not move.

Another thing we must understand also, why on earth does this moon do not rotate itself as well? We never saw what was behind the dark side of the moon. Since this moon only rotates around earth and NASA never took a photo of this, why is that? That is because NASA scam lied to us about the 1969 moon landing history. Why hasn't NASA still had their so-called satellite to take a picture of it? It is because no human has ever gone out of the earth's atmosphere to far space.

The real basic lesson we need to better understand is, earth appeared in the void of the empty darkness universe during the creation first. Before sun, moon and stars appear according to Genesis chapter one. We can see why the earth is the center of the universe once again. What is more interesting is, back in the very old days, people once knew better about north celestial pole before the North Pole was named after it. Because they once knew that the term "**navel**" was anciently used in many languages for "**centre**," and that the Pole, or central point of the revolving constellations, was the "Navel of Heaven." But as to the celestial Pole there corresponds a terrestrial one, so it is only natural that to the term the "Navel of Heaven" there should be the corresponding expression the "Navel of the Earth."

And finally, let talk about historical witnesses. The first historical witnesses mentioned in Joshua 10:13 about the Book of Jasher which is an English translation of the Hebrew title Sefer haYashar, which means the Book of the Upright or the Book of the Just Man. Where in the book of Jasher claimed this witnesses of event? It is found in chapter 88, verses 63-65. The book of Jasher isn't the only historical witnesses about the daylight last twice days in one, there are more than one.

There is a man name Totten who have discovered and learn about the Greek historian man name Herodotus who wrote his visited in Egypt, the priests there showed him an ancient manuscript which told the story about the day which lasted about twice as long as a normal day.

The second secular source that Totten also discovered and discuss about the lost ancient Chinese manuscript. In 1810, a man name John Gill presents about this account:

In the Chinese history it is reported, that in the time of their seventh emperor, Yao, the sun did not set for ten days, and that men were afraid the world would be burnt, and there were great fires at that time; and

though the time of the sun's standing still were enlarged beyond the bounds of truth, yet it seems to refer to this fact, and was manifestly about the same time; for this miracle was wrought in the year of the world 2554, which fell in the 75th, or, as some say, the 67th year of that emperor's reign, who reigned 90 years.

There is also another historical witnesses that differs from the longest daylight, there were five different tales in North America who witnessed the longest night that was normal.

1. The Ojibways tell of a long night without any light.
2. The Wyandot Indians told missionary Paul Le Jeune of a long night.
3. The Dogrib Indians of the North-West tell of a day when the sun was caught at noon, and it instantly became dark.
4. The Omahas say that once the sun was caught in a trap by a rabbit who checked his traps at the break of dawn, presumably before sunrise.
5. And finally, the Bungee Indians from the Lake Winnipeg area of Canada also tell of a long night.

That is not all, the Central and South Americas also witness longest night as well. In the Annals of Chauhtitlan, the Mexican Indians also tell tales of a long night. The Aztecs wrote of an extended period that the sun didn't rise.

There is one last piece of evidence that might surprise you. There is an ancient object that measures just over a centimeter in diameter. It is a Seal of Hezekiah, and it is also known as a bulla of king Hezekiah. A seal impression of two-winged sun disk flanked by ankh symbols and containing a Hebrew inscription that reads "Belonging to Hezekiah, (son of) Ahaz, king of Judah." The bulla was discovered along with 33 other stamped bullae during wet-sifting of dirt from a refuse dump located next to a 10th-century BCE royal building in the Jerusalem Ophel. It was discovered by excavations led by Dr. Eilat Mazar. The reason why this is an evidence, a proof of evidence of what King Hezekiah witnessed what **אֱלֹהִים** did to the sun, was a miracle event.

According to Isaiah 38:8, Hebrews 11:34 and 2 Kings 20:1-11, Isaiah came back to visited King Hezekiah again (Yes, this is the same king's name which the two-winged sun disk was made during his time), because Hezekiah prayed **אֱלֹהִים**. First prayer he spoken to have **אֱלֹהִים** be glorified in the defeat of Sennacherib's army and the second prayer was about his welfare illness health to death. **אֱלֹהִים** send Isaiah back to visit Hezekiah again, with the good news. The good news is that he would not die. **אֱלֹהִים** also gave

Isaiah the answer he knew Hezekiah will ask for proof. When King Hezekiah asked Isaiah for proof, Isaiah reply by asking Hezekiah **“do you want the shadow of the sun go forward ten steps or back ten steps?”**. King Hezekiah replied to the prophet Isaiah for the shadow to go backward ten steps. ~~Isaiah~~ did move the sun backward. Hezekiah was amazed to see how the sundial shadow went backward 10 step. This symbols royal seal of the sun and two-winged disk are the proof of evidence that Hezekiah is the real person. A real historical ancient king who saw what ~~Isaiah~~ did to the sun. He is one of the famous royal king written in many historical books other than scripture books. We cannot deny all this, especially the miracle event King Hezekiah saw and how he ends up live another 15 year after he was was illness to death.

Isn't all the resource information I have provide enough to prove that earth do NOT move? Many examples I have pointed out simply cannot be ignored. Whether the scripture books said the sun in the past did move backward or just stop, it does not matter whether you do not believe it, because it did really happen. While earth is the center of the universe, ~~Isaiah~~'s throne someday will place on earth. While everything in the universe moves around the celestial pole where earth is.
